

# CARE AFTER COVID

Hosted by the Johns Hopkins Malone Center for Engineering in Healthcare

Healthcare leaders, clinicians, and engineers will discuss impacts of COVID-19 and how the research and clinical community can move forward post-pandemic.

**Monday, May 9, 2022**

8:30 am – 4:00 pm (reception to follow)

Charles Commons Conference Center  
Johns Hopkins Homewood Campus

Sessions will include:

“COVID, Policy, and Information Management”

“Understanding Long COVID”

“Tackling Mental Health After COVID”

“Health Data Tracking After COVID”
